FOREWORD

INTRODUCTION OF THE NEWS LETTER

One of the biggest challenge we all face in life is knowing when to explore new opportunities and when to double down on the existing ones. This news letter is the collection of innumerable exploration done in MVM Thiruvarur. Learning is not the product of teaching. Learning is the product of the activities were also supported by Extra curricular and co curricular activities. The children also learned through sports and games. This newsletter focuses on how the teaching has been transformed into learning from the month of April to November.

Principal's Message

MAHARISHI VIDYA MANDIR SECONDARY SCHOOL CBSE –THIRUVARUR is futuristic, bringing about a holistic development in the students through innovative programmes and activities. Our teachers are grooming themselves to develop skills and knowledge in the students. School is an abode of learning and education means to bring out the best of an individual. Our school provides an amalgam of scholastic and co-scholastic activities. To impart the skills and knowledge, our teachers are consistently following the current trend, technology based teaching and brainstorm activities.

A dream doesn't become reality through magic. It takes your sweat, your decision and your hardwork. Train your children to earn their needs through hardwork. Tell them the fruits what they want to taste should be from their sweat and hardwork, as this will be their permanent wealth.

We have a team of fabulous faculty members who has a team dedicate and bring out our school ethos which help our children to shine bright.

Every child entering the campus have their root offered by the parents. They need colourful tasty fruits which will be given by the school. I committed myself wholeheartedly to bring the best. WFor my commitment I need the supporting hand from parents. Only when we unite together we can lift our children to show the world around us which we have not seen through.

Dr. V. Ramaprabha
M.Sc., M.Ed., M.Phil., Ph.D.,
Principal

With immense focus and dream coupled with your wonderful support I need to go a long way in Mvm TVR.

BEING A MAHARSHIAN TEACHER:

Teachers here are learning facilitator where they pass on knowledge and skills to students through a lesson. As an educators we help pupils learn about different skills. We inspire, motivate and encourage a new generation of learners and guide them to create an impact in the world around them.

Our management is moulding and shaping us in all aspects. We are all always supported by MVM Chetpet which provides ideas and instruction to be followed. It is a guiding force which propel us to move forward. In addition to this we have many enrichment programmes and technical development programmes which help us to nurture and the impart knowledge about our curriculum. Our end goal in MvmTvr is to help students to be passionate about learning and understand the impact and importance of life long education. We ensure to dispel all darkness and emit the ray of sunshine in the forms of blessing of teacher and their teachings. We are confident to achieve this through our commitment and dedication, thereby transformation the life of the students favorably.
